About IIT Hyderabad

Indian Institute of Technology Hyderabad (IITH) is one of the six new Indian Institutes of Technology established by the Government of India in 2008. In a short span of 12 years, the institute is built on an imposing 578-acre campus and has been ranked among the top 10 institutes for four consecutive years in the NIRF released by the Ministry of Education, GoI. IITH was also ranked under Top #10 in the recent edition ARIIA on indicators related to 'Innovation and Entrepreneurship Development' among students and faculties. IIT Hyderabad has 255 full-time faculties, 3903 students on roll of whom 20 percent are women, nearly 200 state-of-the-art laboratories and five research and entrepreneurship centers. The Institute has a strong research focus with more than Rs. 500 crore of sanctioned research funding and PhD scholars account for about 30% of total student strength. IITH students and faculty are at the forefront of innovation with more than 6081 research publications and 100+ patent disclosures, 400+ sponsored/ consultancy projects and 50 industry & academic collaborations. IITH is creating a unique holistic educational ecosystem that offers interactive learning, a highly flexible academic structure, cutting-edge research, strong industry collaboration, and entrepreneurship.
