Subject: INVITATION :: LOCUST Short Program 2024

Dear respected partners,
Warmest greetings from UNISSULA, Indonesia.

We would like to extend an official invitation for your students to participate in the 2nd **Local Culture, Science, and Technology (LOCUST) Short Program 2024** held virtually by the Faculty of Industrial Technology UNISSULA on June 20th - 24th, 2024.

We offer you to send a **maximum of 10 students** for this Online Short Program. Please kindly find the attached Program Booklet for your perusal.

Some key aspects of the program are itemized below for your reference.

1. **Program Period:** June 20th – June 24th, 2024

2. **Platform:** Zoom Meeting

3. **Schedule:** Program details can be found on the Program Booklet.

4. **Program Registration:** To join this program, students should register directly at the following link **s.id/locust2024** or this link
https://forms.gle/HMcxbtQFX2m9E8Jq6

5. **Deadlines:** Registration deadline on **June 15th 2024.**

Should you have questions, please feel free to reach out to **Mr Raden** by email at international@unissula.ac.id or by WhatsApp at +62 877 3134 9959

We look forward to having your students on the LOCUST 2024. Thank you!

Best regards,
OIA Team

PROGRAM OVERVIEW

LOCUST
LOCAL CULTURE
SCIENCE & TECHNOLOGY

Universitas Islam Sultan Agung (UNISSULA) has collaborated with many universities across the globe in fostering internationalization and mutual benefits in education, research, public services, and other areas involving the lecturers as well as the students. One of the programs highlighted by UNISSULA is exchanging ideas and empowerment programs for UNISSULA students and partner universities' students.

The 2nd Local Culture Science and Technology (LOCUST) 2024 is intended to give opportunities for students to open their horizon about the use of technology in local culture, especially batik. Batik is recognized by UNESCO as one of the world's cultural heritages. This program also provides the opportunities for students to develop ideas on how batik will be developed. Not only batik, this program also discussess and conducts online workshops on ecoprint, another way to give motifs to fabric using leaves.
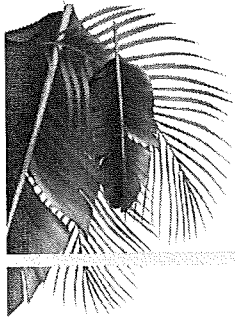

We invite your university to participate in this program by delegating students. This program is free for all participants. Participants will collaborate with students from different countries and various cultural backgrounds to open bigger opportunities in local culture industries.

OBJECTIVES

This program is expected to give the students the opportunity to:
- Gain knowledge related to Batik
- Enrich knowledge about the use of technology in batik industry
- Collaborate with students from different countries and various cultural backgrounds
