PROFESSIONAL TESTIMONIALS

HEAR MORE ABOUT THE EXPERIENCE

Humber Polytechnic gave us a golden opportunity to work on our professional development as we set foot in Toronto, Canada. We took the 2024 course “Content and Language Integrated Learning” where we learned a lot of knowledge and skills to apply in our teaching context in Vietnam. Moreover, we got to know more about the people, culture, customs, and traditions here and explore world-famous tourist attractions in this nice metropolis. We really appreciated this opportunity as it has opened our eyes and broadened our horizons on our first visit to Canada.
